

Wait for You (Song for the Ocean)

Armin van Buuren

Under my soul, I hide, chasing emotions
Can't you see?
If I let it go, will we reveal, a sign of devotion, all you feel?
1?

Sometimes there's a moment
Sometimes we don't see
Now we stand to frighten, scared to believe

Now I wait for you..
'Till you wake me, from my sleep
And I'll wait for you..
Let my voice be, yours to keep

Ahh..

The touch of your hand, on me
A night everlasting, comes too deep
Don't make me wait, for what I need
This passion is burning, deep in me

Sometimes there's a moment
Sometimes we don't see
Now we stand to frighten, scared to believe

[2x]

Now I wait for you..
'Till you wake me, from my sleep
And I'll wait for you..
Let my voice be, yours to keep

ahh..

[3x]

Wait for you..
