

## Stars In Your Eyes

### Armor for Sleep

Na, na na na, na na na,  
Na, na na na, na na na.  
I was swimming slowly through the pools in my head,  
When I felt a cold hand wrap around my throat  
and pull me out of my little day dream.  
I was sailing backwards through the wind in my head  
when I saw the lights turn on and you were dragging me out  
again in my little day dream.

The stars in your eyes they are burning you alive.  
I was better off all alone in my own world.  
I'm not gonna fall for something I made up.  
I was better off all alone in my own world.

Na, na na na, na na na,  
Na, na na na, na na na.

I was chasing comets with a butterfly net,  
Thinking I could pull one down again  
but I was just slipping into my little day dream.  
California plastic melted your heart away,  
And I'm never gonna go back again  
cause I was just perfect here in my little day dream.

The stars in your eyes they are burning you alive.  
I was better off all alone in my own world.  
I'm not gonna fall for something I made up.  
I was better off all alone in my own world.

I was better off left alone.  
I was better off left alone.  
Stars in your eyes...they drag me away this time.

I get so bored, everything is working out just fine,  
that I have to get tangled in something.  
I get so bored, everything is working out just fine,  
I have to get tangled in something, tangled in something.  
I can't help myself.

The stars in you eyes they are... burning you alive.  
I was better off all alone in my own world.  
I'm not gonna fall for something I made up.  
I was better off all alone in my own world.

Na, na na na, na na na. (I was better off left alone) (4x)
