

# Glory Hunter

Armored Saint

(John Bush/Dave Prichard/Phil E. Sandoval/Joey Vera/Gonzo)

Cavalry leader with a bold upper hand  
Boyhood dream was achieved  
Praised by his soldiers down by his side  
The regiment followed his lead  
The antagonists were so obsessed  
Glory hunter his name  
Fearlessly fighting the savage man  
Brought him fortune and fame

Chorus:

My command, my command  
A voice heard throughout the land  
My command, ride by the sand  
A must to fulfill the plan  
Inner voices scream  
Glory bound, glory bound, glory bound, glory bound  
Joining in to circle the reds  
Affirm action awaits  
Reported word a village is near  
Fifteen miles away  
Valley below two thousand or more  
Hostile tribe in a mass  
Hearing the thunder pound in his head  
Move in to surmount the task

Chorus:

Inner voices scream  
Glory bound, glory bound, glory bound, glory bound  
Look at defeat in the face  
And don't say a word  
Bloody war 'til the end  
Shine like a pearl

Chorus:

Glory hunter
