Released

Armored Saint

Aren't you Waitin' for me to take command Well listen Woman I would if I could make me stand Don't you Think i Feel so downright low To think I'm nude with you And can't even make the show Ooh she waits for me With open knees At last I find That I am ready to go Impatient She lies there With an anxious hole I last And last For two hours straight But I can't Seem to Release this tired prostate First it wouldn't salute And now it wont shoot
