

## Seducer

Armored Saint

(John Bush/Dave Prichard/Phil E. Sandoval/Joey Vera/Gonzo)  
Ooh no way, How does it feel  
To been bit by the snake, left without a meal  
You know the stakes are high  
When you hear her cry  
She'll keep pushin' and pushin' til she makes her mark  
Here's what they said, lookout seducer, seducer  
I tried to hit on the beat  
I got mesmerized babe, I fell to her feet  
She can steal your soul, with her mind control  
Fighting for air  
Was all worthless despair  
Just as they said, lookout seducer, seducer  
Seduce me, seduce me, seduce me, seduce me  
Hold tight, knocked to the floor  
I give all I got, but she still wants more  
It's a human trap, just a dead bum rap  
Hear my words, get on your feet and run  
Just as they said, just as they said, lookout  
She's a seducer, seducer  
Seducer, seducer, seduce me, seducer
