

Save The World

Army of Freshmen

all the world's a traffic jam
They come and go but don't understand
That all we are are hand me downs
That end up in the lost and found
And me, I'm a hand me down
SHUT UP, BACK OFF, LEAVE ME ALONE
I don't wanna save the world
I don't even want the girl
SHUT UP, BACK OFF, LEAVE ME ALONE
I don't wanna save the world
I don't even want the girl
all the world's a wet parade
They march and march but are so afraid
That all we love is underground
The satellite will not come down
And me, I'm a satellite
SHUT UP, BACK OFF, LEAVE ME ALONE
I don't wanna save the world
I don't even want the girl
SHUT UP, BACK OFF, LEAVE ME ALONE
I don't wanna save the world
I don't even want the girl
I don't wanna save the world
I don't even want the girl
SHUT UP, BACK OFF, LEAVE ME ALONE
I don't wanna save the world
I don't even want the girl
I don't wanna save the world
I don't even want the girl
I don't wanna save the world
I don't even want the girl
I don't wanna save the world
I don't even want the girl
