

Send For You

Army of Freshmen

back when I was teething
When I was barely breathing
I crawled wall to wall
And I saw that something was missing
Time went by I was stronger
I couldn't take it no longer
I stood on my bed and I said,
GOD THIS ISN'T FUNNY AT ALL!
I need your attention, I've been meaning to mention
If you see her up there, tell her I said take care
I miss her and wish her a happy eternity
I can do this, if I get through this
I will send for you
If I can make it, if I can take it
I will send for you
now that my shell's decaying
I hear my heart beat saying
How long can one life take to live
GOD, THIS ISN'T FUNNY AT ALL
I'd sure like to go now, I really don't care how
A car crash, an earth quake, a day job I can't take
I miss her and wish her happy eternity
I can do this, if I get through this
I will send for you, send for you
If I can make it, if I can take it
I will send for you
change of address, apartment's a mess
Hiding from heaven, young man going west
Change of address, apartment's a mess
Hiding from heaven, young man going west
Young man going west, young man going west
Hiding from heaven, young man going west
Change of address, apartment's a mess
Hiding from heaven, yeah
I can do this, if I get through this
I will send for you, will send for you
I can do this, if I get through this
I will send for you
If I can make it, if I can take it
I will send for you
Will send for you, will send for you
Heaven
