

Crashing Down

Army of Lovers

Liberté, égalité, sexualité,
Liberté, égalité, sexualité.

Love was such a sweet surprise,
Sneaking like a thief into my heart.
Love was such a sweet surprise,
Bending my knees.

Suddenly the quick demice,
Everything I loved was torn apart.
Suddenly the quick demice,
Guilty as plead.

Don't you see your Gemini was never closed at hand
Don't you see our destiny was never in your command.

I don't wanna lie, tears I can't defy
Can't you see our love came crashing down?
We were meant to be, that's no guarantee,
Can't you see our love came crashing down?

Wipe that smile upon your face,
Don't you see the break can't be disguised?
Wipe that smile upon your face,
What's left to revise?

Don't you see your Gemini was never closed at hand
Don't you see our destiny was never in your command.

I don't wanna lie, tears I can't defy
Can't you see our love came crashing down?
We were meant to be, that's no guarantee,
Can't you see our love came crashing down?
Love came crashing down, love came crashing down.

Liberté, égalité, sexualité,
Liberté, égalité, sexualité.

I don't wanna lie, tears I can't defy
Can't you see our love came crashing down?
We were meant to be, that's no guarantee,
Can't you see our love came crashing down?
Love came crashing down, love came crashing down.
