

Lit de parade

Army of Lovers

Wake up shining
Rise like the sun
Supernature
Forever young
Wake up shining
Mon camarade
Resurrection
Lit de parade

Breakdown of the human flesh
(Innocent)
Creation of eternal dress
The sea the moon the rising sun
(Gently weep)
Tonight prepare my wedding gown
Straight before the owl's call
(It's time to end)
Apocalypse the curtain fall
Treasure is thy honesty
(Your beauty sleep)
I long to live eternally

Blood and earth a sacred place
(Breakaway)
I die to face my maker's face
Pleasure is to pleasure kill
(Have no fear)
Leave my corpse at vultures' will
Damage done I leave behind
(A brand new day)
Afterlife my state of mind
Dream's a dream a time gone by
(Don't shed a tear)
I long to live the day I die

Wake up shining
Rise like the sun
Supernature
Forever young
Wake up shining
Mon camarade
Resurrection
Lit de parade

L'envie d'un certain doux venin
L'envie de l'alchemie
Des anges noires des nuits trop blanches
Plaisir de ma magie
L'envie de mort et perfection
L'envie de kabbala
Jolie d'žmon journžes trop longues
Plaisir de nirvana

Count the ribbons in the sky
(Return to life)
Sadness makes the ribbons fly
Evil grows a drive for tears

(Heaven sent)
Tears are born in states of fear
Execute manipulate
(Thy heart be still)
God won't let his judgement wait
Cloud the rain with stains of gold
(You've got a friend)
Blessed be thy eternal soul

Blood and earth a sacred place
(Breakaway)
I die to face my maker's face
Pleasure is to pleasure kill
(Have no fear)
Leave my corpse at vultures' will
Damage done I leave behind
(A brand new day)
Afterlife my state of mind
Dream's a dream a time gone by
(Don't shed a tear)
I long to live the day I die

Wake up shining
Rise like the sun
Supernature
Forever young
Wake up shining
Mon camarade
Resurrection
