Army of Lovers

I could wait night and day  
Sigh your name when I pray  
In my heart night and day  
till you come my way  
I could wait night and day  
Be the sky blue or grey  
In my heart night and day  
For your love to stay

Obsession

You got that magic in your eyes  
Shining wherever you go  
To a lovers paradise  
Trust every sigh when Im so  
Close to where my heart belongs  
Like in heaven

I could wait night and day  
Sigh your name when I pray  
In my heart night and day  
till you come my way  
I could wait night and day  
Be the sky blue or grey  
In my heart night and day  
For your love to stay

Obsession

I cant help falling into a trance  
Losing my senses I know  
Youre my hero in advance  
Trust every sigh when Im so  
Close to where my heart belongs  
Like in heaven

I could wait night and day  
Sigh your name when I pray  
In my heart night and day  
till you come my way  
I could wait night and day  
Be the sky blue or grey  
In my heart night and day  
For your love to stay

Obsession

There aint no promises  
Aint no commitments  
But how cruel can love be  
How cruel to a broken heart like mine  
There aint no right  
There aint no wrong  
But as long as hope survives  
Ill stay alive

I could wait night and day  
Sigh your name when I pray  
In my heart night and day  
till you come my way  
I could wait night and day  
Be the sky blue or grey  
In my heart night and day  
For your love to stay
