

Hiroshimama

Arno Carstens

I come home and I see only
You come home and you see only...
Monstrous divorces
Monstrous and don't even bother
There is porcelain breaking in the kitchen
There is a fire in our tongue you can't buy
I come home and I see only
You come home and you see only...
Two swollen hearts that was blinded by loves light
The great unknown is awakening alone
Monstrous and don't even bother
I come home and I see you only
You come home and you see only...
Hiroshimama... Papa...
Me and her Hiroshimama
Me the man
She the junkie
I drink whisky to forgive her
As children look and sing
Where did this begin?
I come home and I see only
You come home and you see only...
Hiroshimama... Papa...
Hiroshimama... Papa...
Hiroshimama... Papa...
Hiroshimama... Papa...
