

Sleep With Tigers

Arno Carstens

Twinkle, twinkle love's so simple
Beyond those giant tears
Twinke, twinkle you are so single
Beyond these leaps of faith
Sleep with tigers...
Tickle trickery of evil
Blinded by undying trusts
And as we slide from room to room
These ain't nightmares
They are real
Sleep with tigers (sleepless tigers)...
Lucifer to Jesus
Another shock another cog
In the wheel of old forgiveness
Blinded by undying trust
Sleep with tigers (sleepless tigers)...
