

Emir of the Faithful

Arrayan Path

A leader of Islam
A warrior with greatness in his heart
A humanitarian
So different from what we know so far
Commander of the faithful
Against the French invaders
He became triumphant
(He became the leader)

He is the sun
The true side of Quran
(Emir of the faithful, the war machine,
Faithful among the seven tribes)
He is the one
The true side of Quran
(Another faith or another king
Fell under his protective wing)

Enduring the death
Providing unity for men
A middle-east warrior
He was admired by the French
He released the Damascus
See the greatness in his soul
