

# Epic of the Sorrowful Argonaut

Arrayan Path

FOR THE BLACK AND THE RISING SUN  
FOR THE STEEL THAT WARMS MY HAND  
TAKE A LOOK TO THE SKY  
KEEP YOUR EYES OPEN WIDE  
FOR THE SAVIOUR HE WILL RETURN

From the crimson faded ashes I awake  
I don't know where I belong or where to stay  
I just long to find the answers as they fade away  
Vengeance from the man who took my clay

From the dealer, the deceiver, I'll escape  
To declare a war of never ending hate  
I will bring down all the walls they put up in my way  
Just to find the man they call Xavier

And all the roads will find me ready  
Ready to leave the streets of love  
And all the fights are all in vain  
Out of the sky

Took my queen and took my throne  
And took my land  
Now I wanna see him crawl before my clan  
to humiliate himself under the burning sun  
Ivorian is my name and you are under my command  
I assume you've seen my picture on the trees  
Someone sketched it before leaving  
This world in tears  
He was one of Xacier's messangers he lived in fear  
Put him out of his misery before he spread diseases

And all the wars will find me ready  
Ready to leave the streets of love  
And all the fights are all in vain  
Out of the sky...  
To see them fall!

Solo: Socratis

Take the sword or I will take your life  
Ashes to ashes, dust to dust  
My soul will rest in mortal peace  
I don't care anymore

Come on let's start the fight!  
Get down on your knees  
I don't know but it feels like coming  
An internal disease

Solo: Kokos

The warriors are down here with me  
And we are ready to fight  
I need blood and that you will provide  
I am seeking death in the middle of the night  
It's decay!!!

Wars, will find me ready  
Ready to leave the streets, the streets of love  
Fights are all in vain  
Out of the sky...

Look at the sun!

FOR THE BLACK AND THE RISING SUN  
FOR THE STEEL THAT WARMS MY HAND  
TAKE A LOOK TO THE SKY  
KEEP YOUR EYES OPEN WIDE  
FOR THE SAVIOUR HE WILL RETURN

(Feel me rising from the ashes, feel me rising from the earth  
hear oh hear my story, hear oh hear my story  
feel me rising from the ashes, feel me rising from the earth)

(I feel the depression I don't want to live anymore  
I feel the oppression I don't want to live anymore  
Over the hills, over the lands, across the river of hate)
