

Solo: Kokos

We sail across the seven seas
Ten thousand miles away from home
We have a dream, beyond reality
Oh God forgive me
Save our souls

I'm just a man of inner loss
Into a world of black and white
Come take my hand, follow the cause
And for you fate I will decide

Torture in my head
I feel it, feel it gain

OUT OF THE STORM
THERE CAME THE BEAST
(IN MANIA)
OUT OF THE STORM
THERE CAME THE BEAST
(IN MANIA)
OUT OF THE STORM
THERE CAME THE BEAST
ONLY TO STIR OUR MINDS
FROM PEACE
OBSTACLES RAGE
FROM RIGHT HERE TO THE GRAVE

Impossible rain
We flirt with death
We sold our souls for
A moment of truth
I can't see glory, I can't see fame
All I can see our lives betrayed

Torture in my head
I feel it, feel it again
It's coming our way!

You don't need to doubt me
I remember those days way too well
And I pray...
