We sail across the seven seas Ten thousand miles away from home We have a dream, beyond reality Oh God forgive me Save our souls

I'm just a man of inner loss Into a world of black and white Come take my hand, follow the cause And for you fate I will decide

Torture in my head I feel it, feel it gain

OUT OF THE STORM THERE CAME THE BEAST (IN MANIA) OUT OF THE STORM THERE CAME THE BEAST (IN MANIA) OUT OF THE STORM THERE CAME THE BEAST ONLY TO STIR OUR MINDS FROM PEACE OBSTACLES RAGE FROM RIGHT HERE TO THE GRAVE

Impossible rain
We flirt with deat
We sold our souls for
A moment of truth
I can't see glory, I can't see fame
All I can see our lives betrayed

Torture in my head I feel it, feel it again It's coming our way!

You don't need to doubt me I remember those days way too well And I pray...
