It was the start of communist scheme
a vision of equal division
to change the world, give a hand to the poor
a classless society
But did it succeed? How can it be?
Where is the freedom we long for?
I'm just a man, and what could I say?
I search for a different world
Safely surroudning with grace
this world of illusions ( safely surrounding with grace this wo
rld of illusions )
Need to feel the power within my heart ( Need to feel my heart
It's a place I belogn...
OFTEN THE NIGHT OFTEN THE DAY
OVER THE LIES AND THE DECAY
OFTEN WE SAIL INTO A SEA OF DESPERATION
OFTEN THE NIGHT OFTEN THE DAY
OFTEN TO GOD OH I PRAY
TO GIVE ME LIGHT AND RELIEVE THE DAMNATION
It's a place I belong...
This land of ice glows in the dark
sending a message to all of us
crystal the night, crystal the day
Oh let our people go free
Safely surroudning with grace
this world of illusions ( Safely surroudning with grace
this world of illusions )
Safely surrounding again this world of illusions and it's time
to break free...
It's a place that I belong....
