

## Blues Happy

Arrested Development

Hey, yes indeed, this is Speech from Arrested Development  
I'm the leader, ha ha  
My nose is stuffed up, though  
Check it out, I'm the leader  
Homeboy, right over there, Headliner, is the turntable instrumentalist  
We got Arnaé 3 over there with her crazy set, over there, chill in'  
Razadan is chillin', he's in the house  
That's the man, he designs all our logos  
And then we got Bubba OJ in the house  
He's just, he's like the pappa, the father figure  
As what, what's her name, ini?  
Of course, I can't forget Kwesi  
Lady smiley, over here, always smilin'  
And, of course, Larry's on the guitar  
This song is for you, brother
