

## Shell

### Arrested Development

Just a shell until you decide to rebel  
Just a shell until you decide to rebel  
Just a shell until you decide to rebel  
Just a shell until you decide to rebel  
Just a shell, just a shell, just a shell until you decide to re  
bel  
Whether you're white or black your soul does not dwell  
Inside your shell until you decide to rebel  
Worldly worldly people people allow your innersides  
To intervene and circulate  
Open your eyes and open your ears  
Wouldn't it be great.  
So what am I doing? Am I really rebellin' or am I just dwelling  
In the sin  
In the sin  
In the sin?  
I've made up my mind  
I've seen the design of individualism  
And I don't want to be in it  
The me generation's a disease!
