

Alive

Arrows to Athens

There are clouds on the horizon,
So take a breath here in the calm before the storm.
If only for a moment-

Close your eyes and feel the thunder,
We can't hide or run for cover anymore.
It's time to take a stand together, oh.

Hold on, 'cause the tide is strong-
It can't erase the fire in our eyes.
(Fire in our eyes.)
Let the walls break-
What we have they cannot take.
And if all that's left is you and me tonight-
No, they won't take us alive.
(No, they won't take us alive.)

We dream about tomorrow,
Know that hope will always come to those in need.
The best of us is left
After the storm has shown his anger,
And the skies have tried-
To bring us to our knees.
We are standing, we're still standing.

So hold on, 'cause the tide is strong-
They can't erase the fire in our eyes.
(Fire in our eyes.)
Let the walls break-
What we have they cannot take.
And if all that's left is you and me tonight-
No, they won't take us alive.

(No, they won't take us alive.)
(No, they won't take us alive.)

Before the waves are over our heads-
(No, they won't take us alive.)
Over our heads.
(No, they won't take us alive.)
Don't be afraid-
(No, they won't take us alive.)
We'll make it through this.
Make it through this-

So hold on, 'cause the tide is strong-
They can't erase the fire in our eyes.
(Fire in our eyes.)
Let the walls break-
What we have they cannot take.
And if all that's left is you and me tonight-
No, they won't take us alive.
(No, they won't take us alive.)
(Over our heads.)
And if all that's left is you and me tonight-
No, they won't take us alive.
