

## Wake up

Arsenium

The smile on your face  
Your hands in my hands  
We're free to believe that our love never ends  
The world has no frame  
No boundaries, no blame  
It's a place for the dreams that we follow and gain

Make your everyday  
Just your perfect day ( Just a perfect day, Just a perfect day )  
Let your pain go away  
It's a perfect day,  
For you  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you,  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you.

When you close your eyes,  
Imagine you fly  
So high in the sky  
Place that no one can find  
Don't you be afraid,  
To follow your dream,  
There is always a way  
If it's love that you feel.

Make your everyday  
Just a perfect day ( Just a perfect day, Just a perfect day )  
Let your pain go away  
It's a perfect day,  
For you  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you,  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you.

Wake up,  
Wake up,  
The sun gone shine for you,  
Wake up,  
Wake up,  
And you,  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you,  
Everybody wake up,  
Powerful,  
Everybody wake up,

And you.  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you,  
Everybody wake up,  
Powerful,  
Everybody wake up,  
And you.
