

You can be free

Arsenium

Move around and round,
Listen to the sound,
Groove into the beat
Feel it in your feet!
Let the music flow
Ride into your soul!
You can be free!

Move around and round,
Listen to the sound,
Groove into the beat
Feel it in your feet!
Let the music flow
Ride into your soul!

You can be free,
never let me down!

Let the beat control your body and soul
Stand up on your feet, follow your heart beat!
No time to feel good,
Music talk to you,
Let it beat, let it beat!
You get me free!

Let the beat control your body and soul
Stand up on your feet, follow your heart beat!
No time to feel good,
Music talk to you,
Let it beat, let it beat!
You get me free!

You can be free,
never let me down!

Move to the dance now,
Turn on the new sound,
Gotta let your mind travel on a new level,
Ride on the dance,
Say that you need more,
Feeling it a little..
Now is gonna blow, don't stop
There's a bomb in your hive,
You get hypnotized!
Everybody knows,
Everybody feels like hypnotized!

Move to the dance floor,
Turn it on yourself,
Gotta let your mind travel on a new level,
Ride on the dance,
Say that you need more,
Feeling it a little
Now is gonna blow, don't stop
There's a bomb in your hive,
You get hypnotized!
Everybody knows,

Everybody feels like hypnotized!

You can be free,
never let me down!
