

## To Get Eaten By The Rats

Arsonists Get All The Girls

Face the wall  
One by one they all fall down  
Fire bathes the horizon  
The begin to defy  
We lie face down  
They can see without eyes  
I watch freedom bombs  
This is the turn around  
They will see you now  
We are your government  
Face the wall  
We will kill all  
In due time
