

# His Hate, Her Love

Arsonists

Why you wanna disrespect my love?  
Why you wanna go against my heart and soul?  
Don't you realize the love I'm giving you?  
Don't you wanna love me too?

Do you wanna what? So now you question my love?  
Who took you in and your son, who treat 'em like he was blood?  
All day you buggin' out, sayin' I'm playin' behind your back  
Being a bitch, callin' the cops, drop charges to take me back  
What is it? 'Cause I'm stayin', I can't live without you  
If I can't have you, no one will, don't make me prove it to you  
So what I catch a mood swing here and there, that's just rough time  
Discipline is what a man about, woman you tryin' to undermine?  
And mine is like a size 12 foot for you security  
Tell me, haven't I came through to provide well for this family?  
Bullshit! And I can't stand you, ma told me you'd fuck my life  
Up and downsize any good that I've done to big yourself

Don't you dare get in my face  
Can't have a peace inside this house, always invading my space  
But I'm the one who's catchin' the case for gettin' stupid  
And smackin' you all excited when you started it in the first place

Her love, his hate  
His words, her fate (what you do to me)  
No escape  
His anger, her tears  
His abuse, her child, his excuse  
What a waste

Hey dad why you walkin' all wobbly and lookin' sloppy?  
You never nice, always screamin' and cursin' at mommy  
From verbal to physical, fightin' into a break up  
I notice you beefin' from the second moment you wake up  
Oh I get it, us men have to prove that we are stronger  
Put our foot down, man of the house, we last longer  
I wanna be just like you and always keep my fist up  
By your age I'll be twice as mean if I practice with my sister  
'Cause I put vics in her eyes, that's what she gets for darin' me  
And if what you're doing is right then why is it scarin' me  
I guess I'll understand a little better when I get older  
The more abuse I see and learn the more I'll get bolder  
And by my first girl I'll be higher and should be wiser  
I always wondered why the neighbor called you a womanizer  
But I know now, men rule and it is what it is  
Don't worry, I'll make you proud and pass it down to my kids

Don't you think that I could be your one and only?  
Don't you think that you could be the one to hold me?  
Don't you think that I could be your one and only?  
Recognize what's here for you

Something clicked, she no longer wanted to hear she was no good  
No more jokes about her overweight and that she just never could  
She had to stop livin in doubt, stop livin' in fear  
Stop feelin' inferior, wishin' he would just disappear  
For years her words had taken away her self-esteem,

Killed most of her motivation and shattered all of her dreams  
And yo, the name calling in public or behind closed doors  
Everything from "stupid bitch" to "you filthy whore"  
He made her believe a successful life was nothing next to slim  
And that she wouldn't be worth spit without him  
Finally realizing it was him that would never amount to shit  
And he would bring her down with him just to feel someone legit  
He felt threatened by her passion so he took action  
And verbally tore it down to a fraction, intimidating her reaction  
Gathering her belongings with pity she felt  
Knowin' he'd be livin' out the rest of his days always hatin' himself

Why you wanna disrespect my love?  
Why you wanna go against my heart and soul?  
Don't you realize the love I'm giving you?  
Don't you wanna love me too?

Don't you think that I could be your one and only?  
Don't you think that you could be the one to hold me?  
Don't you think that I could be your one and only?  
Recognize what's here for you

Don't you think that I could be your one and only?  
Don't you think that you could be the one to hold me?  
Don't you think that I could be your one and only?  
Recognize what's here for you

"Listen carefully. Get the fuck out of here or I'll kick your ass!!"
