

Alcoholics Unanimous

Art Brut

Slept on my face, and woke up confused
A bit concerned about what I've been up to
There's so many people I might have upset
I apologise to them all with the same pretext

Bring me tea!
Bring me coffee!

I was up all night
(He's been up all night)
I've been making mistakes
(Lots of mistakes)
I'm hiding it well
(Not very well)
But I don't feel great

I've been up all night
(He's been up all night)
I've been making mistakes
(Lots of mistakes)
I'm hiding it well
(Not very well)
But I don't feel great

I'm trying to deal with it quietly
But something's gone very wrong with me
I don't know how long I can keep it hid
I'm having trouble forming sentences

Bring me tea!
(That looks like it really hurts)
Bring me coffee!
(Should have taken the day off work)

I've been up all night
(He's been up all night)
I've been making mistakes
(Lots of mistakes)
I'm hiding it well
(Not very well)
But I don't feel great

I've been up all night
(He's been up all night)
I've been making mistakes
(Lots of mistakes)
I'm hiding it well
(Not very well)
But I don't feel great

(Last night we tried to warn him)
Took me ages to get dressed this morning

I've been up all night
(He's been up all night)
I've been making mistakes
(Lots of mistakes)

I'm hiding it well
(Not very well)
But I don't feel great

I've been up all night
(We tried to warn him)
I've been making mistakes
(It's bad in the morning)
I'm hidI've been up all night
(We tried to warn him)
I've been making mistakes
(It's bad in the morning)

Bring me tea!
(That looks like it really hurts)
Bring me coffee!
(Should have taken the day off work)

Bring me tea!
(Monday morning)
Bring me coffee!
(Tuesday morning)
Bring me tea!
(Wednesday morning etcetera)
