

## Demons Out!

Art Brut

I read a rumour in a tabloid paper  
You said something interesting, denied it later  
There was no evidence, they couldn't make it stick  
It's on Youtube now and then  
But comes down pretty quick  
So we stayed up, and we argued all night  
If we can't change the world  
Let's at least get the charts right  
The record buying public shouldn't be voting  
The record buying public shouldn't be voting  
How can you sleep at night when nobody likes the music we like?  
How am I supposed to sleep at night when no one likes the music we write?  
Record buying public, we hate them  
This is Art Brut vs. Satan  
Don't worry, we can take 'em!  
On your visa, it says 'entertainer'  
You'd better step it up or they're gonna detain you  
It's all smoke and mirrors, don't go and see 'em  
I wanted rock 'n roll, I got a science museum  
So we stayed up, and we argued all night  
If we can't change the world  
Let's at least get the charts right

You like pop music and you like pop music  
Why do you let them abuse it?  
The record buying public  
Full marks on my score card  
A lesson learnt and learnt hard

A brush with Satan can be fatal  
We're doing this for you so you'd better be grateful
