

Love Is the Only Chain

Art Garfunkel

Love is forever, baby so are we.
For every ship there is a shining sea.
For every heart, there is a waiting heart.
You are the light that lead me through the dark.
Your love keeps shining like a star,
When I am lost I know, your love will find me.
Love Is The Only Chain.
I say, Love Is The Only Chain.
Oh, Love Is The Only...
We fit together, baby we belong.
The music plays, you're my only song.
Here with you, I am complete.
You have become the very heart of me.
Your love keeps shining like a star,
When I am lost I know, your love will find me.
Love Is The Only Chain.
I say, Love Is The Only Chain.
Oh, Love Is The Only...
Love Is The Only Chain.
Love Is The Only Chain.
I say, Love Is The Only Chain.
Love Is The Only Chain.
