

## Best I Can

## Art of Dying

Tonight I feel like the world won't miss me  
So much to say but there's no one listening  
If we're alone are we all together in that

I threw a penny in a well for wishing  
And prayed for all the things I think I'm missing  
A little time is all I really need

I am doing the best I can with everything I am  
Don't you know nobody's perfect  
Do you understand how hard I'm trying to do the best I can  
The best I can

A second chance to give you something  
It takes a lifetime to come from nothing  
I refuse to believe in running away

I am doing the best I can with everything I am  
Don't you know nobody's perfect  
Do you understand how hard I'm trying for you  
I am doing the best I can with everything I am  
Don't you know I think you're worth it  
Do you understand how hard I'm trying to do the best I can  
The best I can

I got a picture of what matters and I keep it close to my heart  
It's a little faded but so am I

Cause I am doing the best I can with everything I am  
Don't you know nobody's perfect  
Do you understand how hard I'm trying for you  
I am doing the best I can with everything I am  
Don't you know I think you're worth it  
Do you understand how hard I'm trying to do the best I can  
The best I can (3x)  
The best I can  
The best I can

And I'm doing, oh I'm doing the best I can  
I am, I'm doing the best, oh the best I can  
The best I can, oh the best I can  
Oh I keep doing, keep trying
