When I hesitate I know it's just too late to bring you back, bu t still I need you I can't communicate the burden of this weight My world is black until I see you

I don't know how, I don't know when, but I can finally breathe again

Life's too short, the day's too long In the end I knew it all along I knew it all along

Two sides of a knife, story of my life, the pain is sharp a com fort bleeds through

I can't seem to clear my head, I wish that I was dead Falling apart cause I still need you

I don't know how, I don't know when, but I can finally breathe again

Life's too short, the day's too long

In the end I knew it all along

Like a newborn child, like a raven in the wind

I can finally breathe again

I can finally breathe again

When I hesitate I know it's just too late to bring you back, bu t still I need you

I don't know how, I don't know when, but I can finally breathe again

Life's too short, the day's too long

In the end I knew it all along

Like a newborn child, like a raven in the wind

I can finally breathe again

I don't know how, I don't know when, but I can finally breathe again

Life's too short, the day's too long

In the end I knew it all along

Like a newborn child, like a raven in the wind

I can finally breathe again, yeah

I can finally breathe again, yeah

I can finally breathe again

I don't know how, I don't know when, but I can finally breathe again

Life's too short, the day's too long

In the end I knew it all along

I can finally breathe again

I knew it all along
I can finally breathe again
