

## Die Trying

### Art of Dying

I think it's time for me to go now  
I've done more harm than good  
If I could change how this turned out, yeah  
You know that I would

Sometimes the weight is more than I can hold  
I'd rather fail than not know

If it takes forever, I will die trying  
If it takes forever, I will die trying  
I will die trying

I wish I knew then what I know now  
But I'd probably do the same, yeah  
I get the feeling it's planned out  
From the cradle to grave

Sometimes the weight is more than I can hold  
I'd rather fail than never really know

Now if it takes forever, I will die trying  
If it takes forever I will die trying  
I will die trying

I am digging a hole, I am taking it all  
I am digging a hole to bury my soul  
I am digging

If it takes forever, I will die trying

If it takes forever, I will die trying  
If it takes forever, I will die trying  
If it takes forever, I will die trying  
If it takes forever, I will die trying  
I will die trying, trying
