Art of Dying

Late at night
I wake up from the cold
Another fight yeah
Yeah we broke the mold

You were right
But I needed you to know
All I want is everything

I hit the streets
So I can clear my head
Under the heat
of neon red
I'm three sheets
But I meant every word I said
All I want is everything
All I want is everything

I won't give up until this feelings over
I've had enough of drinking myself sober
I really want to let you know
Never want to watch you go
All I want is everything

oh oh oh

This love is keeping me alive
When push comes to shove will we survive
Is there enough when you look into my eyes
All I want is everything
All I want is everything

I won't give up until this feelings over
I've had enough of drinking myself sober
I really want to let you know
I never want to watch you go
All I want is everything
All I want is everything
From you

oh oh oh

The cemetery is the only place tonight
Dark enough to search my soul

Morning comes
Thought I'd never see the sun
But dragonfly you've always been the one
I won't give

I won't give up until this feelings over
I've had enough of drinking myself sober
I really want to let you know
I never want to watch you go
All I want is everything
All I want is everything
All I want is everything
