

Get Thru This

Art of Dying

I've seen better days, yeah
So says that mirror
It's hard to find divinity
When you're the king of men

If I can get through this
I can get through anything
If I can make it through this
I can get through anything

If I can get through this
I can get through anything
If I can make it through this
I promise you, I promise you

It could be much worse, yeah
But the call is close
Tomorrow's my reason
For today to let go

If I can get through this
I can get through anything
If I can make it through this
I can get through anything

If I can get through this
I can get through anything
If I can make it through this
I promise you, I promise you

With every once of ? yeah
And I will find the truth
Hey yeah

[Repeat: x2]
If I can get through this
I can get through that
If you cut me wide open
I can cut you some slack
If you come when I'm leaving
I might never be back
I know it's not easy
It's matter of fact

Yeah
If I can get through this
I can get through anything
If I can make it through this

(Oh I can get through)
If I can get through this
I can get through that
If you cut me wide open
I can cut you some slack
If you come when I'm leaving
I might never be back
I know it's not easy

I can get through
