

## Until the end

Arthemis

You, little boy  
Want you tell me why you feel alone  
Hey you, can you hear me?  
Want you tell me  
Why you're lost in this cruel world

We all live in a world apart  
Under a dark fallen sky

Little brother, in our land  
Peace is something to forget  
Hear the wind blow  
Close your eyes,  
See the future's in your hands

Give us a shining brand new Sun  
Until the day will come for

You, you were born  
In a world full of lies  
You feel reborn  
And together we'll stand until the end

The dream never ends  
And we'll fly away o yeeeeeah

You..Don't you cry  
In the land  
Of broken dreams you fall apart  
Don't deny me  
Hold me close,  
Let your fear turn to dust

Give us a shining brand new Sun  
Until the day will come for

You, you were born  
In a world full of lies  
You feel reborn  
And together we'll stand until the end  
You, you were born  
In a world full of lies  
You feel reborn

And together we'll stand until the end
