

## Rise Above It All

Artillery

No talk no bullshit no more fooling around  
Dismiss all that you're saying  
On our journey we're bound  
Same lies the same babble  
No truth in your words  
Your ways and bad attitude  
Stick it up where it hurts

We're calling for justice  
We're rolling the ball  
We will rise above it all

Time to turn on the power time to get into gear  
This moment will last forever  
There's no reason to fear  
Rise up to the challenge  
See the phoenix bird fly  
Soaring high like an eagle  
Always catching your eye

We will rise!
