

The One for Me

Arven

I've been looking for you all my life
I've been waiting all this time to be found by you
I've been walking the streets
Looking into every stranger's eyes
Waiting for a sign, for a tiny spark to touch
This lonely heart of mine

All my life I have searched for you
You will light the night for me, like the moon
Bring love and joy to my way
Like the sun on a summer day

I can see you when I close my eyes
I know what it would be like to walk by your side
People all around tell me I am being so naive
Maybe they are right, but I feel I have to heed
The voice inside my heart

All my life I have searched for you
You will light the night for me, like the moon
Bring love and joy to my way
Like the sun on a summer day

One more day comes to close and I
Still wait for you to arrive
Have you lost your way
Will I lose my faith in being with you someday

Day after day I've been searching for
Something to show me, who is the one for me
You're a dream, you're my fantasy
Light up the fire, lead me home, set me free

All my life I have searched for you
You will light the night for me, like the moon
Bring love and joy to my way
Like the sun on a summer day

All my life I have searched for you
You will light the night for me, like the moon
Bring love and joy to my way
Like the sun on a bright summer day
