## As Blood Runs Black

I won't fall asleep  
I'm gonna stand up and fight  
Gripping the wheel so tight  
My knuckles turn white with fear

In the distance I can hear the sirens calling  
These sleepless nights I lie awake as the floor shakes

Solely responsible for these souls  
These sleepless nights  
In the distance I can hear the sirens coming  
These sleepless nights

Polluted minds  
These thoughts are not my own  
This is my life  
Control the wasteland

Day by day  
We bleed the time away  
We drink to our health  
We think for ourselves  
And with smoke-filled lungs  
We exhale the truth

Scream our name  
Without knowing what we've been through  
Scream our name  
Are you listening now?

Are you listening?  
We bleed for you

Day by day  
We bleed the time away  
We drink to our health  
We think for ourselves  
And with smoke-filled lungs  
We exhale the truth

Scream our name  
Without knowing what we've been through  
Scream our name  
Are you listening now?

Polluted minds  
These thoughts are not my own  
This is my life  
Control the wasteland

We bleed for you  
Are you listening?
