

## Half Friend Town

As Friends Rust

Here it is I hide,  
Independently confined to this Half Friend Town.  
Prisoner where I reside,  
Cower from the Gainesville eye.  
Welcome to Half Friend Town.  
And we all know what that means.  
It means giving up and selling out on all of our dreams.  
Here I think in song,  
Here I speak freely of my flaws (and my excesses).  
I pray it won't be long.  
I pray I will move on,  
While the rest regress.  
Out-punk or punk out.  
Those are your only options here.
