Temporary Living

As Friends Rust

Temporary living for a temporary life. (I thought you knew) Temporary living. Blanketed in bubble wrap, kept my heart in a doggie bag. 9 to 5 in the portolet, hold my ziploc dreams while I styrofoam. Opened up the mailorder wife with a plastic knife and she mp3'd. She was beautiful, like one of them Real Dolls. Laid down the terrycloth on the astro-turf. Set up the paper plates, the inflatable dates, for a rewinded p icnic. Can't keep a love like this just anywhere. Gotta keep a love like this in tupperware. It's temporary living for a temporary life.
