A Beggar

As Hell Retreats

-The boy visits his mother's gravesite. He notices he is not th e only one in the graveyard.

As I walk in the black morning grave A man of wisdom is who I see. Not the one we talk about in the sky, But someone we spit on or deny Because of greed. (Because of me!)

He is a man with something to prove And he has nothing to lose. And while I do nothing for anyone, anymore... He keeps firm for something greater. I must learn.
