

## Losing Sight

## As I Lay Dying

Can...

Can we die to live an other day?

How could we lose sight

Of what matters most?

Trying to love

What cannot love us back

All we have is not worth living for

If we do not know when to let go

What is life

That we cling to it so tight?

Afraid that it will take from us

These fading sentiments

Can we die

Yeah

Can we die to live another day?

Can we die to live another day?

Can we die to live another day?

What is life

That we cling to it so tight?

Afraid that it will take from us

These fading sentiments

How could we lose sight

Of what matters most?

Trying to love

What cannot love us back

All we have is not worth living for

If we do not know when to let go

How could we lose sight

Of what matters most?

Trying to love

What cannot love us back

All we have is not worth living for

If we do not know when to let go
