

We don't have to go
the 360 degrees,
Now it's time to go the 180

You don't have to climb
The highest mountain
For all you're looking for
Is within you

Open the eyes of your mind
Your ears and mouth
As I sing my song

Open the eyes of your mind
Your ears and mouth
As you hear my words o o o

Pa ra ra n pa n pa ra re
I'll be waiting
I'll be

We still live in yesterday
Many today they waste away
But never the less it's never late o

See the times have changed
I thought you knew
That this world, will
Never ever wait for you

The world has gone past times of fighting
So drop your guns and your swords
And let us live all as one

We all need love and understanding
So drop your guns and your swords
And let us live all as one hohoo

Pa ra ra n pa n pa ra re
I'll be waiting
I'll be

Every nation across the ocean
It's more than just our colours
We all need one another

Every people, where ever you be
It's more than just our colours
We all need one another
