

We don't have to go  
the 360 degrees,  
Now it's time to go the 180

You don't have to climb  
The highest mountain  
For all you're looking for  
Is within you

Open the eyes of your mind  
Your ears and mouth  
As I sing my song

Open the eyes of your mind  
Your ears and mouth  
As you hear my words o o o

Pa ra ra n pa n pa ra re  
I'll be waiting  
I'll be

We still live in yesterday  
Many today they waste away  
But never the less it's never late o

See the times have changed  
I thought you knew  
That this world, will  
Never ever wait for you

The world has gone past times of fighting  
So drop your guns and your swords  
And let us live all as one

We all need love and understanding  
So drop your guns and your swords  
And let us live all as one hohoo

Pa ra ra n pa n pa ra re  
I'll be waiting  
I'll be

Every nation across the ocean  
It's more than just our colours  
We all need one another

Every people, where ever you be  
It's more than just our colours  
We all need one another
