360

We don't have to go the 360 degrees, Now it's time to go the 180

You don't have to climb The highest mountain For all you're looking for Is within you

Open the eyes of your mind Your ears and mouth As I sing my song

Open the eyes of your mind Your ears and mouth As you hear my words o o o

Pa ra ra n pa n pa ra re I'll be waiting I'll be

We still live in yesterday Many today they waste away But never the less it's never late o

See the times have changed I thought you knew That this world, will Never ever wait for you

The world has gone past times of fighting So drop your guns and your swords And let us live all as one

We all need love and understanding So drop your guns and your swords And let us live all as one hohoo

Pa ra ra n pa n pa ra re I'll be waiting I'll be

Every nation across the ocean It's more than just our colours We all need one another

Every people, where ever you be It's more than just our colours We all need one another
