

# Baby Gone

Asa

Baby I wish I could have been more for you  
As I watch you leave I can not believe  
So it's come to this  
All my friends still laugh 'cause I want you back  
Back with me

My baby's gone gone gone  
My baby's gone from me  
Have you seen my baby for me?  
My baby's gone gone gone  
My baby's gone from me  
Have you seen my baby for me?

I feel just like a fool to let you walk away  
I wish I held you closer and not put you away  
I didn't understand you  
I thought your love was strange  
I wish I kissed you deeper  
Can we find a way? A way?

My baby's gone gone gone  
My baby's gone from me  
Have you seen my baby for me?  
My baby's gone gone gone  
My baby's gone from me  
Have you seen my baby for me?

Can I say I'm sorry [x3]  
For the change?

Oh my baby's gone  
Is gone from me  
Is gone from me  
My baby's gone from me  
Have you seen my baby?  
Oh my baby's gone gone gone  
My baby's gone from me  
Have you seen my baby?  
My baby's gone gone gone  
My baby's gone for me  
Have you seen my baby for me?
