

Peace

Asa

Peace for the people who are gone
yekpa for the ones not yet born
Oh oh oh for the people who are here
Ye ye ye for the people

I cry when I see that I am born
I live when I see what I am to do

Cos life is all about
All you sitting and looking at me
Just take one step at a time
Cos if you jump, you'll never believe

The thorns of life
Them are whining and
Waiting for you and me
They make a brother say, I want to run away

Run away, run away,
Run away,
Were ja si gbo
