

A Part of This

Asaf Avidan

It's understood that you don't wanna be a part of this
although you could
but you have grown apart from this
and I for one am sick of running in these circles dear
and I for one would love the sound of your voice in my ear
it's crystal clear
although I am here
I am not a part of this

It's overdue, so let's go put an end to this
You know it's true, why don't you put an end to this?
Our time is gone
what was is gone its only memory
That kick us out
Let's end this song with your voice telling me
It's crystal clear
Although I am here
I am not a part of this

I think I knew that it would have to end like this
I am blaming you
But I am as much to blame in this
It's seems my heart right from the start was always split in tw
o
It is so far from what you are and what I have made of you
It's crystal clear I wasn't here

I am not a part of this
I am not a part of this
I am not a part of this
I am not a part of this

Its crystal clear I wasn't here
I have never been a part of this.
