

## 13th Floor

Ash

It's your unlucky number  
But you're here to stay  
Black cloud that you're under  
Everything outta faze  
Can you feel inhibitions  
Things getting strange  
Sudden surface convulsions  
Staying up for days

When the 13th floor shakes  
Your mind disintergrates  
Young heart thrilled  
And rotten to the core  
Need another fix  
Of psychadelic kicks  
Staying up here on the 13th floor

You know you'll never fit in  
Don't even try to begin  
Up here you check out  
As soon as you check in  
You know it's like a poison  
It'll get u pinned  
The 13th floor baby  
Gets under your skin

When the 13th floor shakes  
Your mind disintergrates  
Young heart thrilled  
And rotten to the core  
Need another fix  
Of psychadelic kicks  
Staying up here on the 13th floor

Come up to my floor  
I'll let you in the door  
You will get to see  
What state I'm in at all  
I've been up for weeks  
Hanging with the freaks  
Staying up here on the 13th floor
