

Angel Interceptor

Ash

I stayed in last night
I wasn't feeling alright
I knew it couldn't last
I started thinking of you

Oh and I wished we could be dancing in the dark
Really slow
Oh it's good to know, tomorrow you are coming home
I won't be so alone

I feel heaven in you, don't you know I feel heaven in you
Don't you know I feel heaven in you
Oh it's true
I can't let go
I miss you, oh you know

Sitting alone, with the TV on
I fell asleep, I was hoping you'd call

And I dreamed we could be dancing in the dark
Really slow
Oh it's good to know, tomorrow you are coming home
I won't be so alone

I feel heaven in you, don't you know I feel heaven in you
Don't you know I feel heaven in you
Oh it's true
I can't let go
I miss you, oh you know

Angel Interceptor, Apollo 21, Yuri Gagarin
Flew into the sun
The angels in heaven look down where he lay
Well tomorrow you're coming home

I feel heaven in you, don't you know I feel heaven in you
Don't you know I feel heaven in you
Oh it's true
I can't let go
I miss you, oh you know
