

Light up, spark the detonator Now I'm homeward bound, way to see you later
If you make that step you're the instigator Got my mind made up, I'll be your navigator
If you want me to travel over moonlit miles For a precious smile Following my lonely heart
Call on me, take me...

Far over the seas I return in my dreams Sailing home under the stars
To be safe in your arms Ever near, travel through time Ever close in my mind
Say you will truly be mine Say you'll always be mine

We are a winning combination We're two stars aligned in a constellation
When I get too low you're my inspiration Never let me down, you're a revelation
One that comes along once in a lifetime Oh I realise You give me love free and wild
Oh my child, lead me...

Far over the seas I return in my dreams Sailing home under the stars
To be safe in your arms Ever near, travel through time Ever close in my mind
Say you will truly be mine Say you'll always be mine

Our empire stretches from the deserts To the ice fields Love and courage
can take us anywhere We dare to go

Far over the seas I return in my dreams Sailing home under the stars
To be safe in your arms Ever near, travel through time Ever close in my mind
Say you will truly be mine Say you'll always be mine
