

Darkside Lightside

Ash

Remembering the warm summer nights
When everything is gonna turn out right
When all the answers lie behind your eyes
And everythings gonna turn out right

All I want is to see you smile
All I want is to see you smile

The answers always are waiting there
You give me feelings that I used to get
And remember things that I had forgotten
Long ago

Remembering the warm summer nights
When everything is gonna turn out right
Remembering the warm summer nights
And everythings gonna turn out right

All I want is to see you smile
All I want is to see you smile

The answers always are waiting there
You give me feelings that I used to get
And remember things that I had forgotten
I get the feelings I used to get
And remember things that I had forgotten
Long ago

All I want is to see you smile
All I want is to see you smile
